FOREWORD

Pertinent statistics on education in New York State for 1984-85 and trends for earlier years appear here. Emphasis is placed on summary tables and figures, but details for separate school districts are provided in tables appearing in the appendix.

Information for elementary and secondary schools, higher and professional education, libraries and special programs is reported.

Because of rounding, totals shown in a few of the tables differ slightly from sums obtained by actually adding the component values appearing therein.

Unless otherwise specified, information contained in the tables was obtained from the Information Center on Education.

[a] Data in this table deal with positions rather than people. For example, if an employee of a district worked in more than one field (e.g., attendance teacher and social worker), the employee is counted as one position in each field.

[b] Data exclude the cities of Buffalo, New York, and Rochester in which health services are not provided under the auspices of the public school district.

[c] Includes nurse-teacher, nurse-civil service, and dental hygienist.

[a] This table reflects applications and enrollment for associate and baccalaureate programs as well as unclassified status. Data for certificate and diploma programs are not included.

[b] "Unclassified" students are included with transfer students.

NOTE: Applications to CUNY institutions are received and processed on a university-wide basis through the University Application Processing Center. Applications accepted, as reported in this table, may reflect the students' first, second, or third choice of institution. However, applications received reflect only the students' first choice. For example, a student who applies to a CUNY senior college, but is eligible only for a CUNY community college is counted at the senior college level for applications received, but at the community college level for applications accepted.

Applicants to CUNY institutions are not required to specify full- or part-time study at the time of application. Therefore, applications received and accepted, as reported in this table, reflect both full- and part-time data. However, applicants enrolled reflect full-time data only.
